Anchor Club

Investments of \$500-\$999

Leadership Givers believe that contributing \$1,000 or more to United Way annually will help many in our community live stronger, healthier lives.

Leadership Givers recognize that it takes a commitment of resources to provide individuals and families the help to improve their overall well-being. Leadership Givers demonstrate their determination to make positive changes in our community. As a result, people live happier and more productive lives.

Thank you Leadership Givers for your continued support and dedication to helping people of Tampa Bay. Your participation provides affordable child care for parents so they can work or go to school, more seniors to live independently, and assist families in times of crisis.

The following pages honor Tampa Bay leaders who have stepped forward and made a pledge for a stronger community. We recognize them for their caring commitment, foresight and financial assistance to help others across our community.

2007 Leadership Registry

United
Way

United Way of Tampa Bay

"Alexis de Tocqueville wrote about the spirit of Americans and the support of one's neighbors in times of need. His observations about our society and politics have fascinated me since I read his treatise 'Democracy in America'. United Way's Tocqueville Society is a perfect way to carry on those distinguishing American traditions."

Sheila McDevitt, United Way's Tocqueville Society Co-Chair
Retired SVP- General Counsel—TECO Energy, Inc.

"As Tocqueville Chair for the past two years, I have enjoyed visiting 30 partner agencies and serving on the investment team. What I learned is that it is vital to our community to have Tocqueville members support United Way initiatives with their generosity. We are supporting both a critical safety net of human care services and long-term programs which help people get ahead and support their families."

Chris Taylor, United Way's Tocqueville Society Co-Chair
President—Southcrest Development, LLC

In the early 17th century, young French aristocrat Alexis de Tocqueville toured the United States applauding the voluntary spirit of American Society. In his most astute observation, he noted that Americans helped one another in times of need. He recognized, praised and immortalized the voluntary spirit that lives in America's heart.

In acknowledgement of de Tocqueville's insight of Americans at their best, United Way thanks the growing number of civic-minded leaders who are guided by a powerful legacy to shape Tampa Bay's future for years to come.

Each year, lives are touched in our community through the philanthropic spirit of United Way's Tocqueville Society members. Each member's personal contribution of \$10,000 or more annually makes a significant impact in our community.

Under the guidance of United Way's *Tocqueville Society* Co-Chairs, Sheila McDevitt and Chris Taylor, United Way of Tampa Bay welcomed 24 new members to the *Tocqueville Society* in 2006.
